File ~~25X1~~  
15, A

1. I attended a meeting today called by [ ]  
[ ] to discuss Danny Graham's proposal to establish  
a new USIB committee to handle those weapon systems  
formerly under the Scientific Intelligence Committee.  
This proposal was a counter to one made by [ ]  
that the GMAIC charter be amended and expanded to  
embrace the aforementioned weapon systems. Those  
attending the meeting were [ ]  
[ ] and myself.

2. [ ] was requested to prepare a response  
from the DCI to Graham. It will say that the DCI is  
reluctant to create another USIB committee and ask if  
there is any other way that he can help Graham to re-  
solve his problem, possibly by creating a vice chairman  
position in an enlarged GMAIC. Meanwhile, the [ ]  
proposal is being staffed out.
